

Modern Slavery & Human Trafficking Statement 2026

Organisation: Cozy Corner Care Limited

Reporting Period: April 2025 – March 2026

Introduction

Cozy Corner Care Limited is committed to the highest standards of ethics and integrity. We have a zero-tolerance approach to modern slavery and human trafficking within our business and our supply chains. This statement outlines the steps we have taken to ensure that exploitation has no place in our care delivery.

a. Organisation Structure, Business, and Supply Chains

Cozy Corner Care Limited is a private limited company providing regulated home care and domiciliary support services. We are registered with the Care Quality Commission (CQC) and operate primarily within the UK.

Our business is people-centric, employing a dedicated team of care professionals. Our **supply chains** are relatively short and primarily include:

- UK-based recruitment and staffing agencies.
- Providers of healthcare consumables and Personal Protective Equipment (PPE).
- Facility management services (office cleaning and maintenance).
- Information technology and digital care-planning software providers.

b. Policies in Relation to Slavery and Human Trafficking

We maintain clear policies to ensure we are conducting business in an ethical and transparent manner:

- **Modern Slavery Policy:** Explicitly prohibits the use of forced, bonded, or involuntary labor.
- **Whistleblowing Policy:** Provides a safe and confidential channel for employees and partners to report concerns without fear of retaliation.
- **Safeguarding Policy:** Integrated with the National Referral Mechanism (NRM) to protect both our service users and staff from exploitation.
- **Recruitment Policy:** Outlines stringent "Right to Work" checks and ensures we only use reputable, UK-based labor providers.

c. Due Diligence Processes

As part of our initiative to identify and mitigate risk, Cozy Corner Care Limited performs the following due diligence:

- **Vetting:** All staff undergo enhanced DBS checks and identity verification before commencement of work.
- **Direct Payment:** We ensure all staff are paid at least the National Living Wage directly into a verified bank account in their own name.
- **Supplier Screening:** We require our high-tier suppliers to provide their own Modern Slavery Statements or sign our "Supplier Code of Conduct," confirming their compliance with the Modern Slavery Act 2015.

d. Risk Assessment and Management

We have identified the following areas of our business and supply chains as carrying a potential risk of modern slavery:

- **Temporary Agency Labor:** We manage this by using a "Preferred Supplier List" (PSL) of agencies that have been audited for compliance.
- **PPE Procurement:** We prioritize suppliers who can demonstrate transparency in their global manufacturing chains.
- **Outsourced Services:** We assess our office cleaning and maintenance contractors to ensure they are not using exploited labor.

Steps taken: We conduct annual risk audits to monitor for "red flags," such as multiple employees sharing the same bank account or residential address.

e. Effectiveness and Performance Indicators (KPIs)

To measure our effectiveness in ensuring that slavery is not taking place, we monitor:

- **Training Completion:** A target of 100% completion for all frontline and management staff.
- **Grievances:** Monitoring the number of reports made through our whistleblowing or safeguarding channels regarding labor practices (Target: 0).
- **Supplier Compliance:** 100% of our key suppliers must have a signed Modern Slavery declaration on file.

f. Training and Capacity Building

To ensure a high level of understanding of the risks of modern slavery and human trafficking, we provide the following:

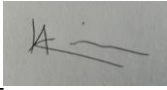

- **Induction Training:** All new hires must complete a module on identifying signs of exploitation (e.g., physical signs of abuse, restricted freedom of movement, or lack of personal documents).
- **Management Briefings:** Specific training for managers on how to respond to a disclosure or suspicion of modern slavery.

- **Continuous Awareness:** Regular updates via staff newsletters regarding the **Modern Slavery Helpline (08000 121 700)** and internal reporting procedures.

Approval

This statement was approved by the Board of Directors on **April 21, 2026**.
